

# Byron Hill

23 years ago Byron began his involvement with local theatre – from working Front of House, as an Usher and Door Person to back stage as a Props Person, Sound Operator, Lighting Designer/Operator, Assistant Stage Manager, Stage Manager and Director.

Byron has been with PMH Players since 2003, joining as the stage manager. Over the years had a few walk on roles but overall loved working back stage. In 2006 he got involved in lighting, helping Ben Parr. Then in 2013 became the Technical Director, over seeing all things Sound and Lighting.

He has been on the committee since 2006 and became the Treasurer in 2011 – which he really enjoys.

He is also involved with another local theatre group as Stage Manager, Sound Operator & Director.

He is also involved in his local church, in a paid position as the Creative Ministries Technical & Production Team Leader.

He fills in the day time as the Sales Support Manager at The Warehouse. Been with The Warehouse Group for 23 years in different roles in different stores across the net work. Thoroughly loves it!!

2020 Byron was made a Life Member of PMH Players
